25 YEARS

THE HUMAN PROJECT

Nurturing Humans For 25 Years

Character First, Competence Next.

SILVER OAKS

INTERNATIONAL SCHOOL

MOKILA

For decades, schooling chased scores, ranks, and test metrics. Today, algorithms deliver information and automate skills in seconds. What technology can never replicate is moral courage, authentic empathy, and human resilience.

WE FOCUS ON WHO YOUR CHILD BECOMES:

- **Thinkers** who question
- **Leaders** who care
- **Achievers** with integrity
- **Individuals** with empathy

THE NEXT FRONTIER: MOKILA CAMPUS

Expanding The Human Project to meet growing demand across Hyderabad's western growth corridor. Designed from the ground up for unhurried, focused learning.

Biophilic Architecture | Integrated Curriculum
Modern Infrastructure | Expansive Sports Arenas
Eco-Conscious Campus | Shared Institutional Heritage

OPENING JUNE 2027

PP1 to Grade 5

ACADEMIC ARCHITECTURE

A continuous learning continuum tailored to cognitive and emotional growth stages.

Aspiring to offer IB & CBSE, with Early Years & PYP from June 2027.

The Roadmap

Early Years (Ages 4–6) From June 2027

Welcoming children from age 4 through Grade 1 (Age 6), the Early Years focus on foundational growth, play-based exploration, and inquiry-led learning.

IB Primary Years Programme (Early Years–Grade 5) From June 2027

Launching initially from Early Years through Grade 5, the PYP fosters critical thinking, curiosity, and holistic development across transdisciplinary themes.

IB Middle Years Programme (Grades 6–10) In the Coming Years

Through six Global Contexts, learners connect classroom learning to real-world questions, cultures and challenges, while developing critical thinking and broader perspectives.

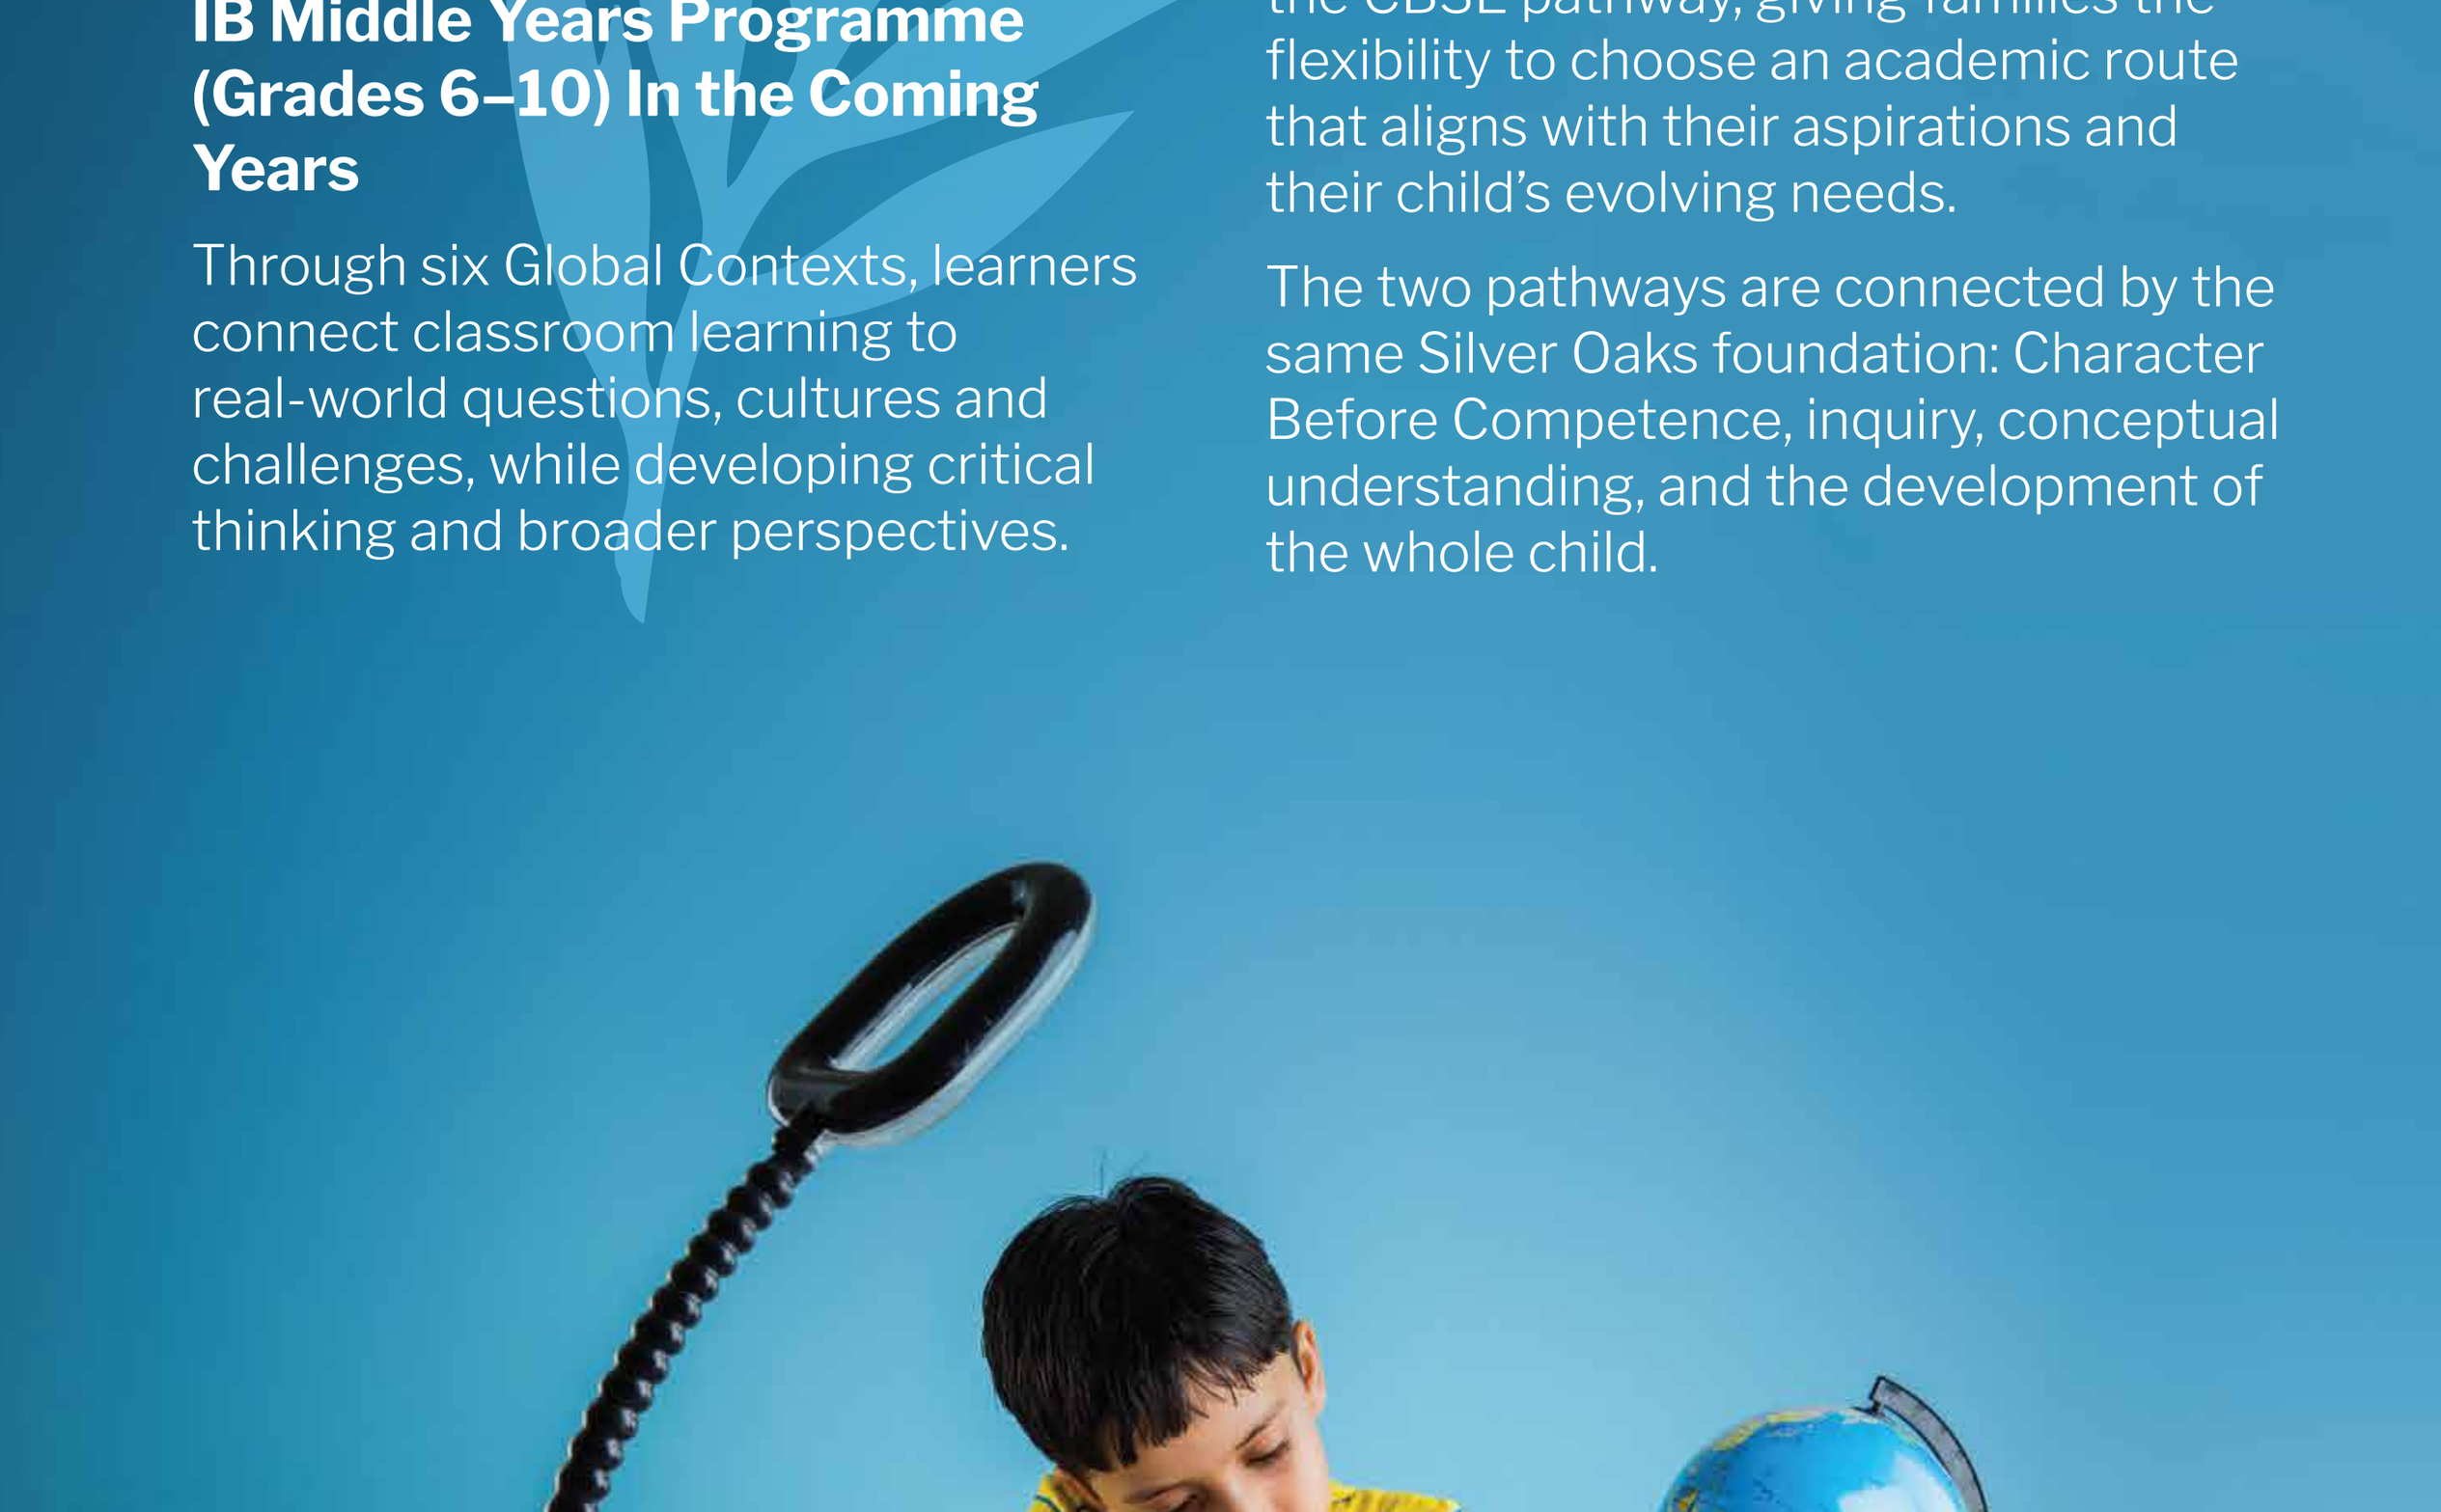

IB Diploma Programme (Grades 11–12) In the Coming Years

The IB Diploma Programme combines academic depth with independent research, critical thinking and real-world engagement, preparing learners to become independent thinkers and globally minded individuals.

CBSE (Grades 6–12) In the Coming Years

From Grade 6 onwards, parents will also have the option of continuing through the CBSE pathway, giving families the flexibility to choose an academic route that aligns with their aspirations and their child's evolving needs.

The two pathways are connected by the same Silver Oaks foundation: Character Before Competence, inquiry, conceptual understanding, and the development of the whole child.

BEYOND ACADEMICS: THE HUMAN SIDE

Empathy in Practice

Coins for the Country:
Students have saved personal pocket money for over 20 years, raising ₹2+ Crores to fund rural schools through RDF, educating 2,000+ underprivileged children.

The Street Store:
A student-curated pop-up department store where families browse and select donated essentials with autonomy and dignity.

Mantras of Mahatma:
Translating principles of truth, environmental care, and non-violence into daily habits.

Civic Leadership & Expression

Acorns Ethics Bowl: Debates determined by ethical reasoning, depth, and constructive listening rather than aggression.

Democratic Student Council:
Real election cycles with published manifestos, public debates, and secret ballots.

Creative Studios:
Daily visual arts, theater, Indian classical and contemporary vocal music, and robotics maker spaces.

Physical Literacy:
Regulation fields and courts for Football, Cricket, Basketball, Tennis, Badminton, and Aquatics.
